MESSAGE FROM MATCH DIRECTOR

NOEL GARDNER

It is my great honor to welcome you to the 2026 IDPA National Championship presented by JP Enterprises. This year the national championship will be held at The Cardinal Shooting Center, in Marengo, Ohio. Nationals is always a special time for us, but this year it's made extra special as we celebrate the 30th anniversary of the founding of The International Defensive Pistol Association. We have a few special events planned for the 30th anniversary that I hope you all will join us for.

Being the Nationals Match Director has been a humbling experience. The support I have received over the past few years has been amazing. The support has come from all directions. IDPA Headquarters has been with me since I was first asked to be the Match Director. Always there to help with match administration and registration. The Assistant Match Directors, Skip Darden and Bryant Brough, have never been more than a phone call away and have met my every request for help. The Chief Safety Officers and Safety Officers have graciously given up a week and a half of their lives to have been at the match and bring the nationals experience to you, the shooters. Our sponsors have given us the financial means to provide the match to you. And last but not most important are you, the shooters of the match. All we have done has been to create an unforgettable experience for you. Your support from comments and questions to simply registering and attending the match means so much to me. I thank you all for allowing me to be your Match Director. As a favor to me, as you're working your way through the match, please take a moment and thank the Staff, Safety Officers, and Sponsors when you see them. Your kind words mean more than you know.

As for the match itself, we have designed 14 stages to challenge your shooting skills. The round count for the match is 250 required shots. The match is open to all IDPA Divisions and Classifications from Marksman and above. We have attempted to make the match a balance of movement, speed, technical skills, and strategy. With the number of competitors we have at Nationals, we have to make every effort to stay on schedule. If a call is questioned, the CSO will immediately contact an MD to address the call. Excluding a challenge to steel, the stage will be reset, and the next shooter will shoot. The call in question will be dealt with offline to avoid delaying the match or affecting shooter flow. In the event of a challenge, the run will be scored and entered into the tablet as called by the CSO and then reviewed by the MD. Corrections will only be done by an MD. Also, in effort to maintain match flow you will be required to help reset the stage between shooters; this includes pasting targets. Please paste and reset at the direction of the Safety Officers. If you are not the "on deck shooter," the current shooter, or have just shot, you need to be helping reset the stage.

In addition to the match, we are pleased to also have "The JP Enterprises Challenge" side match. For more information on the side match please look for details in the matchbook or stop by the JP Enterprises Bay. Thank you all for coming out and supporting IDPA. I hope you have a safe and fun match.

See You at the Range!

Noel Gardner

MESSAGE FROM

JOYCE WILSON

Dear IDPA Competitors,

Welcome to the 2026 International Defensive Pistol Association National Championship Presented by JP Enterprises!

On behalf of the entire IDPA organization, it is my pleasure to welcome each of you to this year's National Championship. You have earned your place here through your dedication, hard work, and participation in our sport, and we are excited to have you join us for what promises to be an outstanding championship.

This year, we are celebrating the 30th anniversary of the founding of IDPA and we are honored to have our Founders with us for this event. Bill Wilson, John Sayle, and Ken Hackathorn will be Honorary Match Directors, so when you see them on the range this weekend, say hello to these amazing men who set the standard for this sport that we all love.

The National Championship is much more than a competition. It is an opportunity to come together with fellow IDPA members from across the country and around the world, challenge ourselves on the range, and celebrate the sport we all enjoy. Whether this is your first National Championship or you are a longtime competitor, I hope you take time to enjoy the experience, meet new friends, reconnect with old ones, and make memories that will last well beyond the final stage.

I would also like to extend a sincere thank you to our IDPA staff, Match Directors, Safety Officers, volunteers, Area Coordinators, and everyone who has worked behind the scenes to make this championship possible. These events require countless hours of planning, preparation, and dedication. Your commitment to providing our members with a safe, professional, and enjoyable championship experience is greatly appreciated.

Notice also that the number of staff members has increased to better serve you in each bay. These hard-working folks came in on Monday, shot Tuesday and Wednesday, then will work the match for the next three days. The Build crew came on-site the week before. Staff members have given up more than a week of their time, energy, and accrued vacation to be here. Please thank them every chance you get.

Special shout out to our sponsors – the folks who make the wheels turn. JP Enterprises has truly stepped up as our Title Sponsor and we are delighted to work with them. Please, please support the companies that support us. Visit the vendor tent, make a purchase, tell them you saw them at the Nationals and say thank you.

Most importantly, thank you to you—the competitors. Your enthusiasm, sportsmanship, and commitment are what make IDPA such a great organization. We are proud of the community we have built together and look forward to seeing that spirit throughout this championship.

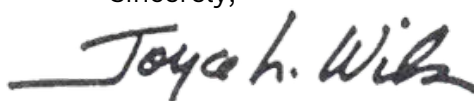

As we celebrate this year's National Championship, we are also looking ahead. I am excited to remind everyone that the 2027 IDPA World Championship is scheduled for September 15–19, 2027, at the prestigious Brock's Gap Training Center in Pell City, Alabama. We look forward to welcoming competitors from across the United States and many countries around the world for what will be a truly special event.

For now, though, it is time to focus on the 2026 National Championship. Shoot safely, compete hard, support your fellow competitors, and enjoy every moment.

Welcome to the 2026 IDPA National Championship, and best of luck to all of our competitors!

Sincerely,

MATCH BRIEF

The information contained in this matchbook is as important as the current IDPA rulebook. Competitors are expected to read and understand the contents of this matchbook. If you have any questions, please contact the match director.

Rules: The rules followed in this match are the IDPA Rules as found in the IDPA Official Rule Book, effective 2026.

Muzzle Safe Point: Muzzle safe points will be indicated.

Alcohol and Drugs are prohibited on the range.

Target Pasting and Safety Officer Assistance: It is EVERY competitor's responsibility to assist the safety officers in any way to reset stages. Shooters can paste at least as many holes as they punch in the targets. Please, everyone help the SOs out.

Holster and Magazine Pouch Belt Locations: It will be the competitor's responsibility to assure that their holster and magazine pouches are worn in an appropriate location per IDPA rules for their division. If a safety officer has to asked you to move your equipment to comply with IDPA rules before shooting their stage, they will note it. If you have more than one reminder, you will be assessed a 3 second procedural penalty for each additional time.

Safety Areas: All Safety Areas are marked by Safety Area signs. You may case, uncase, and holster your pistol only in the Safety Areas, NOT ON THE LINE. No ammunition may be in any Safety Area. PCC may uncase adjacent to the side berm with the muzzle point into the berm with a chamber safety flag before each stage.

Loading to Division Capacity: Unless the course of fire requires otherwise, all divisions will load to division capacity prior to each string of fire.

Name tags: Keep your name tag with you so you can eat lunch and attend the Awards Banquet Dinner.

Course Walk Through: No individual stage walk throughs will be permitted. Each squad will be given a complete verbal description of the course of fire by the safety officers. However it will be the competitors responsibility to read and understand the course of fire prior to their squadded shooting time.

Range Information: There will be no carts available for rent, and no private ATVs or golf carts owned by competitors can be used on the range.

Thank you! to our **SPONSORS**
